February 6, 2017

Parents of Allison and New Manchester Elementary School Students:

WMC Physician Practices, LLC is pleased to partner with the Allison and New Manchester Elementary Schools to offer an in school health clinic for Allison and New Manchester Elementary students

Beginning March 1, 2017, the Allison Health Clinic (AHC) will operate from 9 am – 1 pm on regularly scheduled school days. The clinic will be staffed by Dr. Lisa Noble, Pediatrician and Hannah Reynard, Nurse Practitioner.

AHC will offer students with medical services similar to what would be provided at a normal physician office visit. AHC will not provide any medications and any medication distribution to students will continue to be provided through the Allison school nurse office.

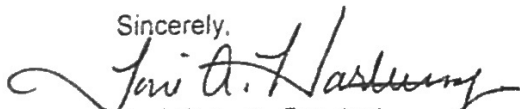

Should your child need additional medical services, the AHC will contact the primary care physician office listed on your child's information form.

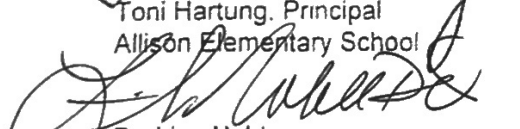

Your child's visit will be billed to the insurance provided on the attached information form and will be the same as any physician office visit. If you do not have insurance, you may be billed directly for the visit at a discounted rate.

In order to allow AHC to treat your child while at school, we need each parent to complete the attached form and sign the consent to treat section. Both parents will need to sign and date this form and return to the school office no later than February 28, 2017.

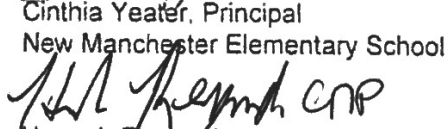

This program is a great addition to our school and we are pleased to be able to offer it to the Allison and New Manchester Elementary Schools. Please feel free to stop by the school office with any questions.

Sincerely,

Toni Hartung, Principal
Allison Elementary School

Dr. Lisa Noble
Pediatrician

Cynthia Yeater, Principal
New Manchester Elementary School

Hannah Reynard
Nurse Practitioner
